

Call us today and get

Your Local Weed Man to visit your lawn ...

What happens then? We'll pop round and give your lawn a free analysis - so you know exactly what's good and bad about it - and suggest a price for maintaining it on a regular basis. If it's in really bad shape we'll also give you a price for restoring it to a lush green condition first.

Here's what our customers say...

Just wanted to say thank you - the lawn looks amazing. Bought lots of weak stuff in the past - either did not get round to putting it down or put it down at the wrong time - you have saved me so much effort. Brilliant and efficient services... thanks again.

Ms J. Sturminster Newton

Thank you very much for all the work you've done on our lawns. They are so much improved already.

Mrs W. Blandford Forum

It is such a relief, at last, to have a green lawn. Thank you!

Mr and Mrs H. Blandford Forum

I am very pleased with the Weed Man service. First of all I was impressed by the person who assessed the condition of my lawn with his easy manner and professionalism, the technician has always been very courteous, conscientious and cheerful - and every time I called Weed Man office I have been most impressed with the efficiency and friendly manner of the young lady there. I must say that I have never had a lawn that looks so good!

Mr N. Ferndown

Why lawn care?

- ✓ An attractive, good-looking lawn that is thick, green and weed-free without consuming any of your free time.
- ✓ Costs less than doing it yourself.

Weed Man the lawn care professionals

When your lawn looks great, your whole garden looks more beautiful. Whatever the condition of your lawn, Weed Man invites you to make it better! Step-by-step, we'll work with you to enhance its health, its appearance - the way it feels. Once it's just right, Weed Man will keep it that way. Promise.

**Results
guaranteed!**

- Regular, low-cost lawn treatment.
- Regular treatments cost less than if you bought and applied the necessary products yourself.
- Eliminates future renovation costs.

Forget moss, forget weeds, forget bare patches... just enjoy a great-looking garden!

Results guaranteed! Weed Man programmes always produce better lawns – if after treatment you don't agree, we will work until you are 100% satisfied! You will have a better lawn. There is no risk for you, so why take a chance? Go for a guaranteed lawn treatment the Weed Man way.

Starting is easy – simply call us for a free, no-commitment lawn health analysis. Your local Weed Man will inspect your lawn and explain an ideal programme to reach its best-ever condition.

Here's what we do...

This is a summary of all our services; but it's highly unlikely you'll need all of them! Your local Weed Man can quickly determine which services you will need to improve your lawn – you'll be surprised how easy and low-cost it will be.

- ✔ **Nutrition:** regular treatments encourage a deep root system and produce grass that is resistant to insects, diseases and weeds.
- ✔ **Weed Control:** helps to eliminate weeds and enable to develop such thick, dense turf that new weeds cannot grow easily.
- ✔ **Insect control:** reduces variety of insect pests, because their uncontrolled activity is a threat to your lawn's health.
- ✔ **Aeration:** for lawns that have been compacted, turfed or thatched – this improves air, water and fertiliser movement and encourages deeper roots.
- ✔ **Scarification:** removes thatch and helps prevent moss from taking over when low air temperatures cause your grass to grow more slowly.
- ✔ **Top Dressing:** improves soil drainage, increases the water-retaining capacity of your soil, reduces soil compaction and helps improve the breakdown of any dead organic material.
- ✔ **Moss control:** targeted moss control treatment addresses the problem of persistent moss with guaranteed results.
- ✔ **Regular Inspection:** we keep an eye on your lawn throughout the year and review our programme to give you the best lawn you've ever had and answer any questions.

Trust the lawn care professionals

With over 35 years experience we offer you the advantages of a large organisation delivered by local people. The finest products applied by trained professionals.

Commitment

Weed Man is committed to maintaining healthy lawns. But there's no pressure on you to buy anything if you are not convinced, even after our lawn analysis. We're happy to give tips and guidance without obligation – Weed Man staff are the lawn professionals and are always pleased to talk lawncare!

Satisfaction

Sometimes extreme weather will frustrate our treatment programmes, delaying development of your healthy new lawn. If that happens, we will work free-of-charge to reapply treatments until you and Weed Man are 100% satisfied.

No risk

We have never failed to produce a lush, healthy lawn for a Weed Man customer! We will ask you to water the grass and cut it according to our recommendations but, if our lawncare programme just doesn't seem to work for you, don't worry – you have no risk of paying something for nothing.

No risk, no fuss,
no arguments.
Just a great lawn
– guaranteed!

No risk, no fuss, no arguments. Just a great lawn - guaranteed!
